

# THE MCCANN FAMILY

Thank you for taking the time to read our profile. We hope that within the next few pages we can share the love we have for each other and for you. We look forward to growing our family and having you be part of it.

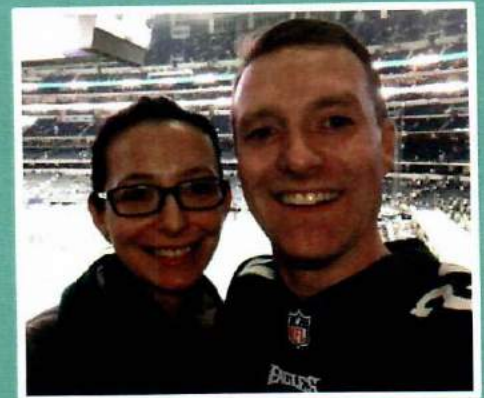

# ED & GEORGIA

We were married in 2005 and are both physicians. Georgia takes care of women with gynecologic cancers and Ed is an intensive care physician for the Air Force

We both love exercising, watching sports, and spending quality time together. We are inseparable.

Our most valued treasure is time together as a family.

# Matthew Gabriel

- Matthew is 4 years old and in pre-k
- He loves all superheroes, but his favorites are Captain America, Spider Man, and Buzz Lightyear
- He enjoys going to the beach, Disney World, but most importantly hanging out with family at home
- Matthew is the best big brother. He loves Kindred and is always helping to take care of her

Kindred is a true angel. Her smile is contagious, and the sound of her laugh warms our hearts. She loves and looks up to her big brother. She is crawling, babbling and we anticipate will be walking soon!

## Kindred Rose

"Because of your smile, you make life more beautiful"  
Thich Nhat Hanh

## Our family

We are learning that taking family selfies can be challenging and imperfect! But we also know that these are the most precious moments and we embrace them fully. When we first married, our goal was to have a big family that valued love, honesty and togetherness. We are honored to share that dream with you and forever grateful to have you in our family.

Love,

Ed, Georgia,  
Matthew, and  
Kindred Rose
