

Nathan & Casey O'Neal *Fate, TX*

We are so excited for the opportunity to share parenthood with you. We are looking forward to walking through the journey of adoption. There are not enough words to express the respect we have for your brave and loving decision. Both of us are here to answer any questions you would like to ask and support you in the relationship with your child.

About Us

Our relationship began 12 years ago, when we met while serving at a church camp called Pineywoods Baptist Encampment. We are celebrating 10 years of marriage June 2021. On Sundays we attend and serve at a local church.

As a couple we are always making each other laugh. We enjoy being silly and having fun together. On the weekends we are spending time with friends or family. We enjoy taking vacations to travel and experience things we have never seen.

When we were ready to grow our family, it was discovered we would not be able to conceive a child on our own. Instead of allowing this to halt our dreams of adding to our family, our hearts sought adoption.

Casey

Casey is a loyal, hardworking person. When Casey makes a commitment there is no turning back or obstacle to stand in her way. This determination keeps her focused in order to reach her goals. For her friends or family, she will bake their favorite treat for their birthday each year. Casey's personality is empathetic to others and always strives to see the world from another's perspective. Most weekends you can find Casey doing some type of physical activity. As a triathlete, she cycles and runs on a regular basis. On the weekends she also takes time to relax and spend time with family or friends. Casey's laughter is contagious and always strives to bring light to any situation. She loves to meet up with friends over a cup of coffee and catch up.

Nathan

Nathan grew up in the Dallas area, but is a country guy at heart. He loves to spend free time fishing or hunting. Nathan will take out his boat to catch some fresh fish to bring back home to cook. With hunting he spends time scouting for deer, hoping to find his next big buck. Nathan is always willing to set aside time to help those in need; this could be a stranger or a lifelong friend. He truly values commitment and hard work. Currently he is working towards opening his own HVAC business. You can always count on Nathan to bring laughter to those around him.
