WHY ADOPTION

We have always known that we wanted to be parents. After years of failed attempts, we realized that adoption is where we were meant to be all along.

“ANDREW IS THE MOST KINDHEARTED MAN.

He has an amazing sense of humor and can always get me to laugh no matter the situation. He has been the light for me through dark times. Andrew is dependable and will do anything to make sure everyone around him is happy and having a good time. I love that he is always up for an adventure! He is my very best friend and the love of my life.

“EMILY IS THE STRONGEST AND MOST CARING PERSON I KNOW.

Throughout this process we have received a lot of bad news, but it was never able to break her spirit or her desire to have a family. Anyone that is lucky enough to meet her adores her company. I sometimes think my friends and family love her even more than me. She is always up for an adventure and new experiences. She is my rock and I would be lost without her.”
