# Our Life So Far

We have been married for 7 years but have been close friends since we met in college in 1999. Our strong friendship is the foundation of our love for one another. We share a love of exploration and connecting with mother nature. Whether it's traveling to new places or enjoying the beautiful nature right in our home state, we are passionate about getting outdoors and living life!

Things we love to do together:  
Hiking, Camping, Beach Vacations, Cooking, & Concerts.

Tim is an amazing partner! He's outgoing, friendly, and quick with a joke. He loves making people laugh whether it's with his quick wit or goofing around at home with our pets. Every day he shows how much he cares through large and small gestures alike. He has always been supportive of me and my goals and know he'll be the rock of our family.

Kristin is a kind, thoughtful and selfless person who always puts others first. She is hardworking and determined in her career, but family is the most important part of her life. She is the ying to my yang, providing smiles and laughter to all my bad jokes. She would make a wonderful mother who would instill confidence and compassion in any child.

Chloe!

Our Home

The Nursery

We live in the small and diverse Town of Cheverly, Maryland about a mile outside of Washington, DC. Our community is vibrant, welcoming, and safe with lots of young families. Our area provides a wealth of activities. Whether it's exploring the culture, history, and museums in DC, visiting Annapolis to watch the sunset over the Chesapeake Bay, or camping and hiking in the almost 70 national parks located in our region, there's always a new adventure waiting around the corner.

Meet our furry friends; Chloe & Sidney. Chloe is a sweet pup always willing to do a trick for a treat. Sidney is funny little guy and GREAT snuggle buddy. Both love people and oddly enough, one another!
