All About
HEIDI & ADAM

We met at a book club in 2009 -- no surprise, as we are both librarians. We will be celebrating 10 years of marriage in 2023.

We love cooking together, traveling nationally and internationally and attending live music concerts. Movies are a favorite pastime (we have seen all of the Marvel films, some multiple times). We maintain strong relationships with our extended families and love visiting all of them as much as we can.

As you get to know us, please know how grateful we are that you have made a courageous, loving, child-centric decision -- THANK YOU! In turn, we look forward to getting to know you and working together for the happiest, healthiest, best outcome for your child.
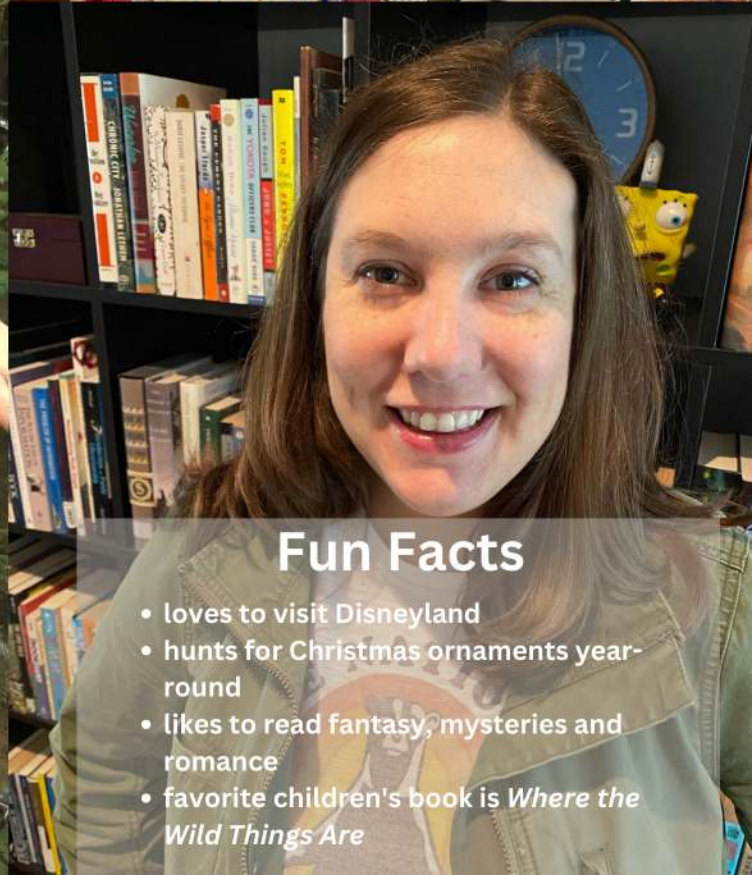

ABOUT HEIDI

The most important thing to know about Heidi is that she always looks for the good in people. When she sees it, she celebrates it and nurtures it. When it's a little harder to see, she empathizes, tries to tease it out and help it grow.

Heidi loves to knit, which I think speaks to both her creative side and her attention to detail. Her other hobbies include reading books of all sorts and watching romantic comedies. She loves planning our adventures together, whether it's a trip to the grocery store or to a favorite destination like the Oregon Coast.
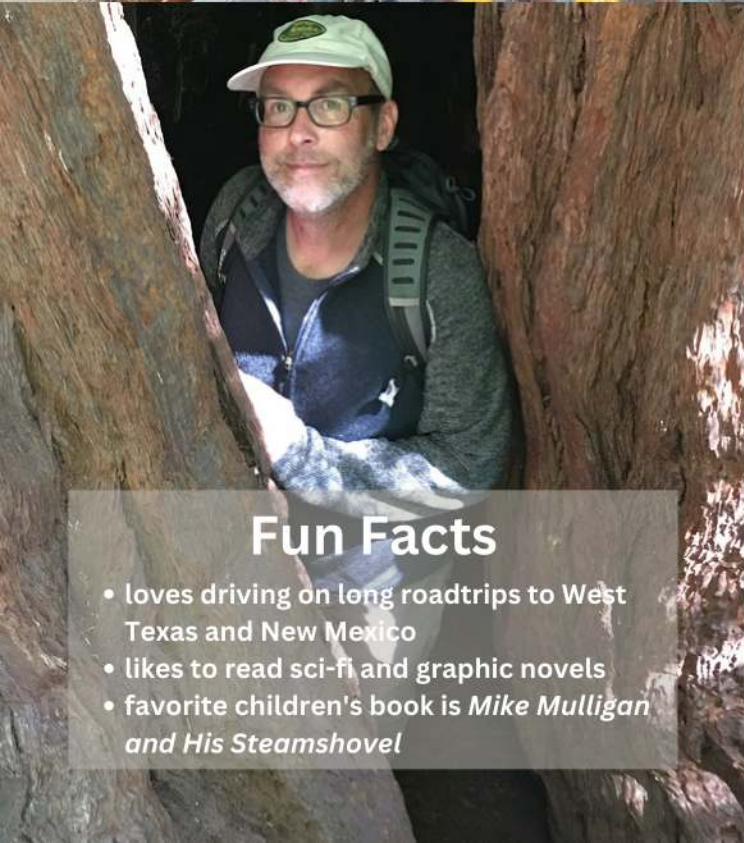

Heidi is the youngest of 4 sisters, each one in a different time zone! She was born in Portland and was raised there and in Alaska.

We live in a great school district and near an elementary school. Our neighborhood includes its own park, with a swimming pool, basketball court, tennis courts and multiple family events throughout the year, such as an Easter egg hunt and doughnuts with Santa. We love living in San Antonio and are regular visitors to the zoo, the museums and the city parks.

We love pets and have owned both dogs and cats over the years. Our two cats Coco and Margo are both rescues.
