

THE ROBINS FAMILY

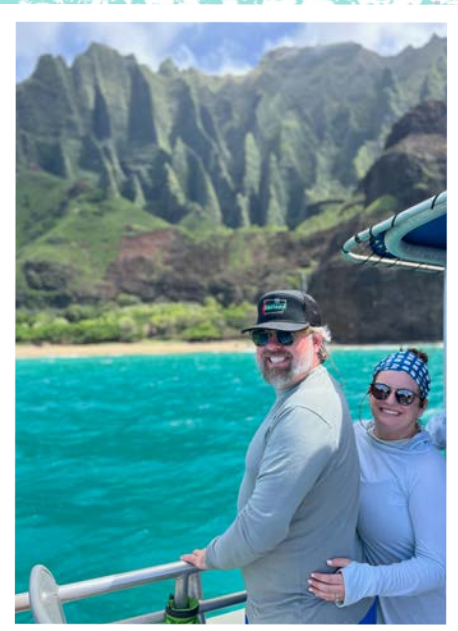

Colin & Christina
Garland, TX

BETTER TOGETHER

As a couple, we tend to be easy going. We enjoy spending time together in very simple ways; play cards, trying a new restaurant or doing a puzzle. A typical evening in our house might consist of chatting while cooking dinner and settling in to watch TV or read a book.

We have been together 15 years total, 8 married, and even after all that time value our time together most highly.

Our process to growing our family has been a rollercoaster with many highs and lows along the way. Christina is unable to have children due to infertility. Albeit hard, we lean on each other through it all and that has made our relationship what it is today.

I am overall a very chill guy. I enjoy the little things in life; walking my puppies, a good song, watching football and eating a good meal, especially steak dinner. I have a good sense of humor and love to make others laugh.

with nieces and nephews

I am a very kind and caring person. I love to help others. I also enjoy drinking a cup of coffee at our local coffee shop, hanging out with friends and cooking delicious meals for my loved ones. I always end my days snuggling our puppy dogs while watching a favorite show.

OUR PUPPIES

Jake (7) and Ethel (3) are the biggest lovebugs. They are playful with anyone and everyone who will pay them attention. They love snuggling on the couch, wrestling each other and going for short walks. The activity they love the most though is swimming at Grandma's house. Jake and Ethel are oftentimes the best part of our day and are continuously providing joy to our family.

OUR HOME

We have been in our current home 4 years and it was a labor of love. Every project has been done with our own hands to create a space that represents us.

We love to use bold and bright colors accented by lots of live plants. We live on a corner lot with giant oak trees in the yard.

We live in a place that has a very small town charm with all the perks of being a suburb of Dallas.

LOOKING AHEAD

We want to thank you for taking the time to learn a little more about our family and our life. We can't quite express in words what sharing our love with a child will mean to us and in this world of adoption that doesn't stop with a baby.

We want to welcome you with open arms to be a part of your child's life, to whatever extent you are most comfortable with. We want your child to know their story and how much they are loved, not only by us but by their first mom. We know that we cannot replace that bond, but instead want to be there as a "bonus" and to help a child grow into the best versions of themselves.

As a part of our family, we will treat you with kindness, respect, compassion and love. We will seek to understand you and really get to know you because you are a part of this story.

We look forward to the next chapter of our lives and hope that includes you and your baby.
